

Calibre Monitor Arm – Single & Dual

The Calibre arm offers flawless ergonomics for the end user and makes adjustment a breeze. Each arm on the single and dual monitor arm kit is equipped with a gas strut mechanism which counter balances the weight of the screen and makes adjusting the height of the screen an effortless process.

Designed to suit up to 27" screens and featuring integrated cable management, the Calibre offers full articulation through 3 pivot points. A bolt through or clamp mounting option included in the box means perfect positioning for the end user.

Available in White or Black finish, the Calibre monitor arm will suit any work environment. Backed by a comprehensive 7 year guarantee.
