

Elevar One Motor Electric Height Adjustable Desk

The base model Elevar One Motor offers functionality and strength for a fantastic price. Capable of holding 70kg including top, this rectangular electronic adjustable desk can hold up to an 1800mm x 900mm top – perfect for any home or small business office. The European electric and motor operates a drive tube for fast and quiet operation. The versatile height range will accommodate any user, reaching a maximum height of 1185mm.

Upgrade to the programmable controller and recall your favourite settings at the touch of a button. Packed with safety features such as collision control, overheat protection circuit, and shelf and container stop makes the Elevar Electric Desks one of the smartest on the market. Available in Silver and White finish in a C Leg configuration. Backed by a 10 Year Structural and 5 Year Electric guarantee.
